SMILING FACES WILL turn to grim determination as these new officers take over direction of the Antioch Lions Club. They are, from left: front row: Dr. Al Bucar, treasurer; Joe Patrovsky, president; Morris Pickus, director; Ralph Gressan, lion tamer; K. F. Deitrick, first vice president; Dick Harland, tail twister; Preston Reckers, Jr., third vice president; Dr. Richard Ripley, second vice president; Jack Fields, secretary; and Myrus Nelson, director. Absent when the picture was taken were Don Francisco, Jr., and Lewis Mowen, directors.

## Lions Club Pledges 'Success In Pool Operation In '59'

Prime project for the Antioch Lions Club in 1959 will be the successful operation of the community swimming pool, members heard at the Monday night meeting.

"You have been so kind as to select me president, I'm going to be so kind as to put you all to work," said incoming president Joe Patrovsky. The new leader accepted the bell and gavel from Al Dittman, outgoing president, in brief ceremonies and a new slate of officers was installed.

They are: K. F. Deitrick, first vice president; Dr. Richard Ripley, second vice president; Preston Reckers, Jr., third vice president; John Fields, secretary; Dr. Al Bucar, treasurer, and Ted Larson as chairman of the membership committee.

**ADJOURNING** THE regular Lions Club meeting, the members reconvened as the annual meeting of the Community Service Corp. to hear a dark picture of operation of the pool in 1958. But according to Dr. G. W. Jensen, outgoing president of the Community Service Corp. and Ken Smouse, supervisor of the pool last year, a plan was unfolded where the pool can make money.

The pool overhead has been cut and it will open cheaper next year, Irv Carey, head of the operation

## Paul Mehring, 52, Owner of Resort, Dies at Waukegan

Paul A. Mehring, 52, owner of Mehring's Resort on Lake Marie, died Dec. 29 in a Waukegan hospital of a coronary occlusion.

Mr. Mehring was born in Chicago June 21, 1906 and lived in the city until coming to Antioch 12½ years ago. His widow, Rose, survives and will continue to live here and operate the resort on the lake.

Three sisters, Mrs. Hattie Morrison, Mrs. Helen Johnson and Mrs. Eleanor Detmer, and a brother, William Mehring, all of Chicago, also survive.

Funeral services were held Jan. 2 at the Konitzer Funeral Home in Chicago with additional services at St. Mary of the Lake Church, Chicago. Burial was in St. Joseph cemetery, River Grove.

## ATHS Students Give Advice On Sloppy Dressing

"If you dress sloppy, you'll act sloppy; and won't seem to care what sort of an impression others get of you."

That's the advice that high school educators all over the country are reading in this month's issue of their own publication, Student Life.

**THE ADVICE** IS given to them by three 1958 graduates of Antioch Township High School who tell how Antioch students are "saying goodbye to sloppy dress."

Authors are Dennis Goodenough, Paula Zeien and Karen Rentner. A picture of Goodenough and Miss Zeien and four other students accompany the article.

It tells how a student council good grooming program is paying off at the local school. It also lists acceptable dress for girls and boys.

"When the majority of students in a school are badly dressed and act accordingly, the school gets a bad reputation and high ideals are lost," the article states.

The story also encourages other schools to initiate a good grooming program as a "morale builder" which will "improve the spirit of the entire school."

## Norwegian Ski Champ At Jan. 18 Tourney

Torbjorn Yggeseeth, 24-year-old Norwegian ski jumping champion, will participate in the Norge Ski Club's 54th annual tournament on Jan. 18.

Yggeseeth is a student at Wenatchee Valley College in Washington where he enrolled last fall to study aeronautical engineering.

Yggeseeth was a member of Norway's team in the world championships in Finland last year.

One of the most daring performers in this sport, Jacques Charland, of Three Rivers, Quebec, also will compete.

The club has cleared a new parking area next to the Fox River Grove ski slide and will be able to accommodate 1,000 more cars for the coming meet.

## School Fire Problems To Be Corrected Soon

### Woes Of '59 Cars: 14-inch Wheels, 15-inch Tire Chains

Lindhurst has run into a pitfall of buying a new car.

It's not the finance charges that worry the village officials as they would an ordinary buyer. It's equipment difficulties.

**MOST 1959 MODEL** cars are equipped with new 14 inch wheels. But tire chain manufacturers haven't gotten around to making 14-inch chains, says Trustee John Slove. So the village may be without chains on its new police car unless a store can provide the necessary equipment.

In action Monday night, the board authorized issuance of a check to a store where the 14-inch size chains are said to be stocked. The order is to be placed this week in hopes it can be filled.

"If we don't get them now, winter will be over," observed Trustee Craig Henderson.

### Report Lists 55 Deficiencies In Antioch Grade, High Schools

Antioch school buildings are substantially safe from fire in spite of a report from the state fire marshal noting 33 deficiencies in the high school and 22 deficiencies in the grade school which were ordered to be corrected within 30 days.

That's the opinion of Kenneth Brown, deputy state fire marshal who made the inspection. But the report, which the school board read in a special session last

### Lights On Antioch Lake Skate Rink

New lights on the Antioch Lions Club-sponsored ice skating area on Antioch Lake will provide additional recreation for area kids. The rink will be ready for use this week end.

That was the report heard at the Lions Club meeting Monday night.

Special tribute was paid to Bill Lucas of Bill's Service on Loon Lake for using his equipment to clear snow for good ice skating. Lucas is not a member of the Lions Club but has been very cooperative in this project, members were told.

## 150 Attend Golden Wedding Party Of J. N. MacKenzie, Sr. Of Bristol

The Kenosha Conservation Club in Bristol, Wis., was the scene of the golden wedding celebration of Mr. and Mrs. James N. Mackenzie, Sr., recently.

One hundred and fifty friends and relatives came from Texas, Chicago, Waukegan, Antioch, Kenosha, Gurnee, Berwyn, and many towns in lower Wisconsin for the party which was given by Mr. and Mrs. James N. Mackenzie, Jr., their son, and

their granddaughter, Sandy, of Rock Lake, Trevor, Wis.

Mr. and Mrs. Mackenzie were married in Chicago on Nov. 25, 1908, and have spent their vacations and leisure time in the resort area of Lake County for the past 30 years. Nine years ago they changed their residence from Logan Square in Chicago to Rock Lake, Trevor, where they now live in retirement. He has been retired from the printing business for the last six years.

## Ill. Bell May End 4 Party Lines Soon

About 664 customers of the Illinois Bell Telephone Co. in this area will be affected by a company request before the Illinois Commerce Commission to allow it to discontinue four-party residence phone service. Effective date would be Feb. 9, if the request is granted.

The object is to eliminate all four-party service and replace it with one and two-party service, says R. N. Hawkinson, manager of the Antioch office from which the Lake Villa and Fox Lake telephones are handled.

**THERE ARE** 420 four-party customers in the Fox Lake exchange, 227 in Antioch and 17 in Lake Villa. Customers would be offered one or two-party service except in rural areas where patrons could take eight party lines, Hawkinson said.

The company has noted a sharp decline in requests for four-party lines since 1952, Hawkinson said. He

attributed this to a desire for more privacy on the lines.

Single or two-party lines are a little more expensive than the old four-party service, he said.

### Local Couple Gets Top Pinochle Meld, Million-to-One Draw

For the past year now (ever since Loretta broke her ankle during the January blizzard of 1958) Bill and Thelma Keulman take a walk across the street to have a friendly game of pinochle with brother Aretas and wife Loretta Keulman to pass the time.

Monday evening started out as usual, the gals getting trounced soundly by the boys. That is until the fourth hand of the fourth game rolled around.

Thelma was surprised when she started sorting her cards and saw a double run of hearts shaping up, giving the girls an automatic 1500 meld.

They won that game and in fact the whole evening really was unusual says Thelma Keulman, as the gals beat the Keulman boys five games to four.

The evening's victory and the unusual card draw both are about million to one shots, Mrs. Keulman says.

board read in a special session last Wednesday, will be complied with as much as possible and as soon as possible.

The four-page report orders the board to have corrections made by February 6 but it adds that appeals can be made. Although about 75 per cent of the deficiencies can be corrected in that time, the high school board has asked for a 90-day extension. The Antioch Grade School Board did not request additional time.

**HIGH SCHOOL BOARD** members estimated that it could cost as much as \$15,000 to bring the school up to the fire marshal's specifications. Most costly of the projects would be the enclosure of every stairwell with a smoke screen. At least five would be needed, school officials noted on their inspection tour of the building.

The board unanimously moved to purchase all the necessary fire extinguishers immediately. The fire extinguishers and the necessary "panic furniture" will be hard to get, the board was told. Schools and institutions all over the country are buying fire protection equipment faster than manufacturers can produce it since the Chicago school fire, A. W. Seekatz, board member and contractor, advised the board.

Other areas where deficiencies in fire protection occur include:

1. Lack of enough fire alarm boxes;
2. Lack of enough fire exit signs and fire escapes on the south-east and northeast sides of the building;
3. Locks on assembly room doors;
4. Improving the alarm system which is "not startling enough" and not easily heard in some parts of the building;
5. Removal of all 25 ampere fuses to be replaced with 15 and 20 amps, and rehanging of boiler room doors.

**THE ANTIOCH GRADE** school story is a little different. "We think at this time we will be able to meet all phases of the orders within the

(continued on page 7)

## Registration for ATHS Night Classes Jan. 26

Adults will go back to school again at Antioch Township High School beginning Jan. 26 when night school starts.

The two most popular courses in past years, intermediate typing and woodworking definitely will be offered, says Warren Polley, director of the session. Typing, taught by Ward Lear, will be every Tuesday night and woodworking, taught by Melvin Stillson, will meet Monday and Wednesday nights.

Adults wishing to take these and other courses must attend the registration. The cost is \$15 for 10 two hour meetings. More information can be obtained by calling Polley at the High School.

## Bong Base To Change Antioch

By NOEL DUERDEN

The largest single construction project in the history of the lakes area lies only 14 miles from Antioch's door and brings promise of unprecedented growth to the town and all southern Kenosha county.

Will Antioch itself be affected much? "Definitely, yes," says Col. Charles E. Lancaster, commander of the big Richard I. Bong Air Force Base.

Although the base itself will not reach complete operational status until the latter part of 1961, a steady growth will begin this summer. This growth will continue at an accelerated clip until the base formally opens.

**BUSINESS, SCHOOLS,** housing and even living will be affected here, the Colonel told The Antioch News.

The base itself will cost \$35 million plus to build and will bring a community of about 5,000 military personnel to the area. For business, experience in other communities has shown that the military market is rich in many respects. But, in addition to the military market coming to the area, a host of civilian workers for the base and some industry is probable.

Up to this time Burlington, Wis.,

has been closest to the base both in mileage and personal contact with base officials and probably has considered it as being "Burlington's Base." But the facts show that Antioch actually is in a comparable position to benefit from the expanding economy the base will initiate.

Wisconsin is planning to re-route its Highway 75 around the southern end of the base to pass the main gate which will face east. "Its approximate location will be about a mile north of the present intersection of highways 75 and 43," the Colonel says. (See map at right).

**NEAREST ENTRANCE** to Burlington will be the west exit, or the commercial gate, which is eight miles from the Wisconsin city. However, to get to the main base area, traffic must proceed through the eastern side of the base, adding at least another five miles to the distance to Burlington.

Now, how will the base affect

Antioch? In business, the sudden influx in population can be expected to bring an upswing in buying. But other towns along the roads to the base may benefit even more than Antioch. At Salem, for example, a shopping center at the junction of Rts. 50 and 83 already is planned. The town of Brighton, now only a wide spot in the road with only a vicious curve to slow traffic, will be about a mile from the base entrances and should boom. Other towns along the route will siphon much business coming Antioch's way.

However, if Antioch businessmen can realize their opportunity and continue to expand to keep the town a favorite shopping center, the possibilities for Antioch's merchants are almost unlimited.

**ALREADY LOCAL** realtors are screening apartment rental prospects and attempting to get a backlog of housing units. Although there are less than 100 construction workers on the base now, by this summer this number will swell to 1,000.

The base will provide housing for only 900 families and about two-

thirds of the lower graded enlisted personnel. The rest of the military personnel and all the civilian workers must find places to live in nearby communities, Col. Lancaster noted.

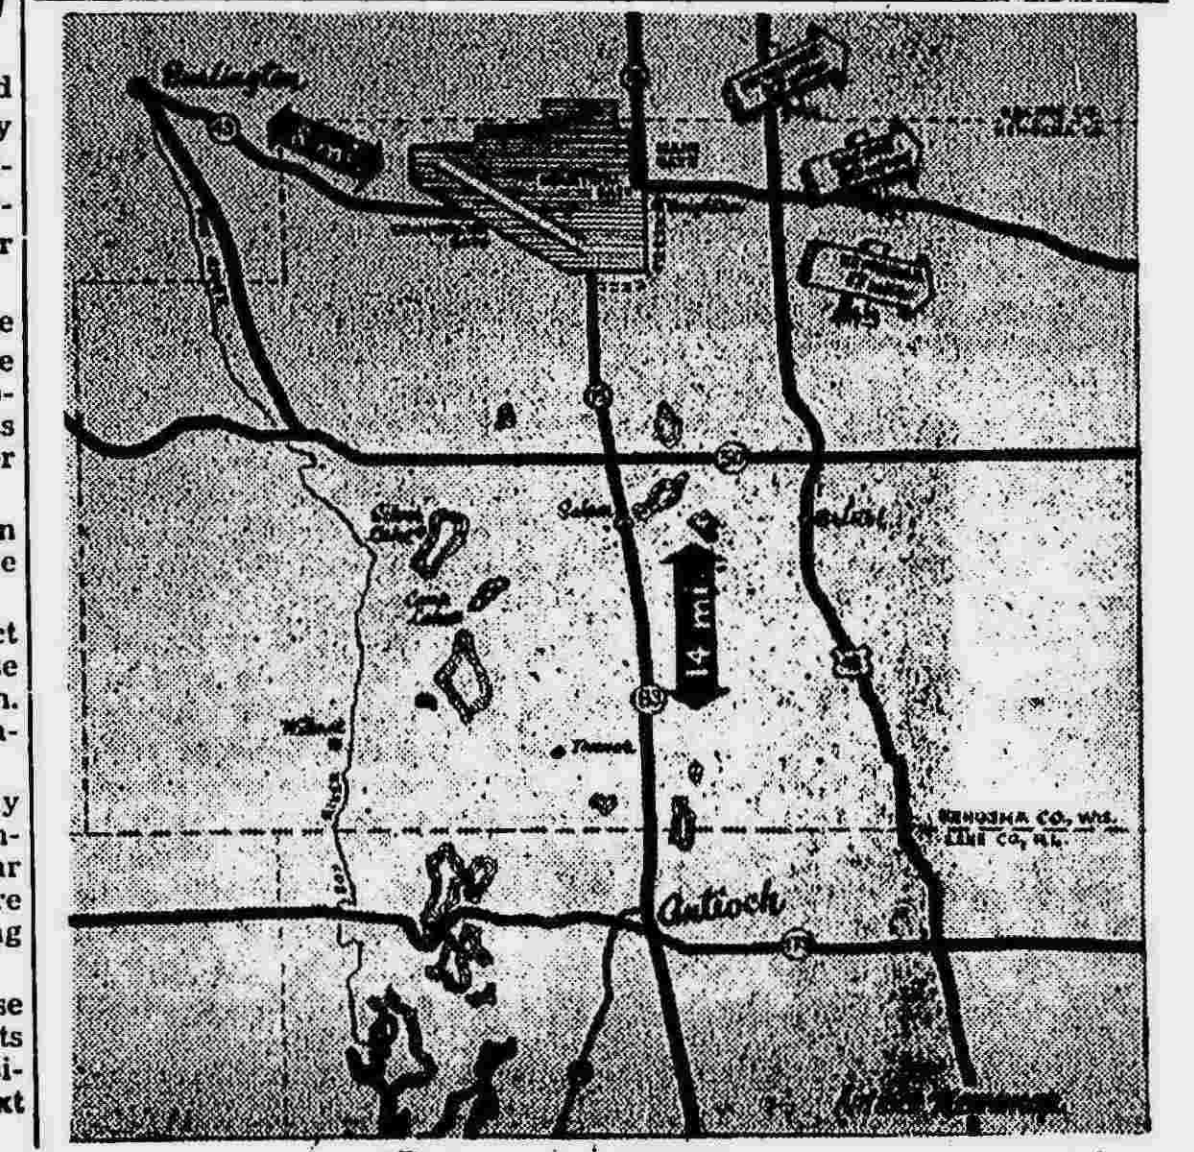

Schools from the first through the eighth grade will be built by the government and operated by Kenosha county, but high school students must attend Salem Central High or Burlington High.

Salem Central expects more than 600 students next year, an increase from the 537 enrolled last fall.

**THE BASE WILL** have an effect on the living in Antioch also because the town is in the jet flight pattern. The noise of jets will soon be a familiar part of living here.

Some communities have violently rebelled at the jet-roar but Col. Lancaster says, "As long as you can hear their noise, you'll know you are safe." It should be a comforting feeling.

At any rate, Bong Air Force Base will change Antioch—its life, its size and perhaps many of its business establishments—within the next few years.

**DEAR READER** News Editorials**We Owe A Lot Of What We Have To You, Black, Ugly Mass Of Metal**

Hats off to you, you black mass of gears, parts, and hot metal. For want of a better name, we call you Linotype which describes just what you do.

Being as inanimate as you are, you don't realize just how valuable you are to the world. You don't realize that without you printing would not be the multi-million dollar industry it is.

You don't realize that had it not been for you, education, the arts, science, religious understanding and even maybe taxes might have been held back.

But thanks to your thousands of intricate parts which whirl to produce almost every line of type letterpress people make, books and papers can be published faster and with more volume than was ever thought possible 70 years ago. Thanks to you, people can read and exchange more ideas, opinions and good thoughts—faster—to add to everyone's better living.

So as we salute National Printing Week, we look to you Linotype, for making life much better for us all.

**Times So Tough That Folks Won't Pay For Sewer, Water Systems?**

Times are tough all right but not so tough that people should rebel at paying the price of progress.

That's what Antioch village officials faced last week as they looked into the issue of a necessary expansion to the sewer and water system. Almost to a man, the officials felt that a bond issue to finance the growth would be defeated. So they took the easy way out and agreed to finance it through raises in rates for sewer and water service.

Not that that's not commendable for it seems to be a wise solution and relatively easy on the public. But in a case of dire emergency are times so tough that the public would rather see sewage overflowing into the streets or a lack of water to feed the baby?

Probably not. For if conditions got that bad, what man would balk at having an adequate network of these two vital systems AT ANY PRICE?

Of course that's after the crisis has struck. Things look differently, especially financially, when viewed at a "safe" distance, than from right upon them.

**Guest Editorial**

by Father Edmond Hood

Rector, St. Ignatius Episcopal Church, Antioch

During the past half century, there has been an unhealthy and increasing attempt upon the part of the American public to shift the sacred responsibilities of parenthood and education onto civil and religious institutions.

It is a known fact that no society or culture is basically any stronger than the family units which compose it. Yet there is every indication that the family unit in the United States has been, and is being, dangerously weakened. The rising tide of divorce, the alarming increase in the amount and type of juvenile delinquency, and the growing contempt on the part of our younger generation for authority, parental, civil, and religious, only serves to place a smashing indictment against our present outlooks and policies.

There was a period in the history of this nation when much of the basic education of children, civil and religious, was carried on in the home unit. The basic function of the school was to enrich, amplify, enlarge, and entrench what had already been taught. The children of this era learned by deeds and not precepts, moral and ethical values, respect for public office, law, authority and justice, and came to appreciate our American heritage.

Today, our children appear to be learning by precept and not by deed. The reader may prove this to his satisfaction by asking members of the younger generation who are high school or college level what they have been taught concerning law, authority, justice, and public office. They will tell you the precepts, but nearly always you will find an underlying bitter cynicism. Justice can be perverted for the benefit of those of wealth and position, cops can be bought, holders of public office seek election not upon grounds of principal and ideals, but for personal gain and greed. Marriage is a thing to experiment with. If it just doesn't work out try again. Very little thought is devoted to the dread and tremendous responsibilities of bringing children into a world such as this. The basic idea of what is right and just has been perverted into meaning what the majority does and accepts. This type of cynicism shakes faith and confidence. Once faith and confidence

is shaken in any structure, be it civil, cultural, or religious, that structure is in grave danger of joining ancient Greece, Rome, and Egypt in the dusts of time.

Where, then, is the real source of the problem? Certainly not in the schools, churches, or other social institutions. For they teach the precepts. How are our children infected with this cynicism? The only answer is their preceding generation who have said to the Church: "Take our children and make them good, moral, disciplined, and faithful churchmen," and then have set an example of undisciplined lives, faith, and practice. They have said to the school: "Take our children and make them good educated citizens. Make them appreciate our American heritage and way of life," and then have said by inference if not by word that the entire structure is a pretty sad imitation of what it ought to be. They have said to the social institution: "Take our children and reduce the amount of juvenile delinquency," and then have contributed little or no personal time or work toward their success. If you have never tried to get people to vote faithfully in an intelligent manner, if you have never tried to materially help your schools and teachers solve some of the problems of education by backing them to the hilt at your end, if you have never endeavored to obtain competent leaders for scouts and other social institutions, and get Christians faithfully to abide by their faith, you have a rich and enlightening experience in store.

The American Public seems to have made one fundamental

**DEAR EDITOR** Your Letters

Letters on your opinions are welcomed to this space each week. Equal weight is given on this page to your ideas and the paper's ideas on subject matter. Letters must be signed with complete names and addresses but will be withheld upon request. No letter should exceed 300 words.

**For Service Provided, Local Taxi Rates A Bargain: Cab Owner**

Because of the recent opinions voiced in this column by Mary G. and Gerald J. about high prices on taxi service, I feel there are some answers which they and the public should be made to understand.

1. This is not Chicago, you cannot expect the same kind of service; and since it is not Chicago, I do not make the kind of money with my taxi business that is made in the city.

2. If I had meters in my taxi, mile for mile, you would be paying more per person for almost any ride you take. Chicago rates on meters are a minimum 35 cents to enter the cab; 10 cents for the first two blocks (or 1/4 mile) then 10 cents for each 2 1/4 blocks. Roughly that is 40 cents per mile. Also you pay 10 cents for every three minutes of waiting time—on this I could get rich. Include also a charge of 20 cents for each additional passenger to the same destination.

3. In Chicago, it is illegal for a taxi to carry two persons to different destinations—each must be a separate call. So, if I carry two or more persons and drop each off at different places, I actually am helping some folks to save time. This part I call gravy because I save gasoline and time.

4. Because I don't have meters, it is necessary for me to have rate zones. Anywhere in the Antioch village limits is in the 50 cent zone, then distant rate zones are 25 cents per half mile intervals.

Everyone has his minimum—the doctor has \$5 for a house call, the plumber about \$5 and the TV repairman \$4. Mine is 50 cents.

My rates compare very favorably with Chicago cab rates and in most cases are cheaper. The trip to Channel Lake School is \$1.50 in the Antioch taxi; a Chicago cab would charge a minimum of \$1.65. Also in Antioch we don't have stop lights and signs which run up Chicago meter time. A trip here is faster than the same distance in the city.

With the insurance rates I pay,

with the new \$1,000 two-way radio system which I must buy because the government says my old one is no good, I know that my wages for the cab service I provide are not enough for the amount of money that is taken in.

I am giving champagne service at beer prices.

I'd like to remind regular and occasional taxi riders that I am trying to provide a service which otherwise this town would not have. It is not profitable by itself and if it was not for the other income I have people would have no 24-hour livery service here. I say livery service because I do not solicit business but go out only on call.

I could understand Mary G.'s troubles. Her husband took the car and she had to waste \$1.50 for a cab ride. That is after she tried her neighbor and found out it was too slippery to drive or the neighbor couldn't start her car.

And for Gerald J. for his ride from Fox Lake to Antioch in the middle of the night, it was a lot more comfortable to ride a taxi for \$4 than it was to call a tow truck and probably pay \$10 to bring him to Antioch.

Will the persons Mary J. and Gerald J. please see me personally with proof of their charges and let me present my side of this issue.

I'd like to lower the rates I charge but there just isn't enough business to make lower rates pay.

I am glad that the Antioch News editorial writer did support my position but I'd like to set him straight also. Nine kids from downtown to St. Peter's School is ridiculous—it just doesn't happen. And a \$5 charge Mary G. mentions must have been to Grayslake or 10 miles away from the train station.

I am also grateful to my regular taxi riders, who outnumber the Mary G.'s about 50 to one, and who make it possible to have taxi service in this town.

Nick Badame

error. You cannot pay others to make your children what you think or want them to be. It is significant that the first cry which goes up from the public whenever there is a rise in immorality, crime, or corruption is: "What's the matter with the school, the church, and the social institution? We've paid our good money to them to prevent these things! They've failed!" The brutal truth is that the failure is not theirs, but ours. Although the church, school, and social institution, provides a convenient scape goat to ease our guilty consciences and shift blame, we must sooner or later face the unpleasant reality that we will never have a better nation, society, or church, until our deeds conform more closely to our precepts, and we are once again willing to assume those burdens of responsibility which Almighty God in his infinite wisdom intended that we as parents of His children should bare. Our children will remember our deeds long after they have forgotten our precepts.

**Lady Legion Unit Gives To Charity**

Antioch Unit 748 of the American Legion Auxiliary has made a substantial contribution to the "Yanks Who Gave."

Two members of the Unit reported last Friday evening that they have collected the coin boxes that had been placed about town for contributions to the fund.

The Antioch Unit is again sponsoring a child from Betsy Ross cot-

tage at Normal, Ill., Legion Children's Home. This child is an 11 year old boy, David Walton.

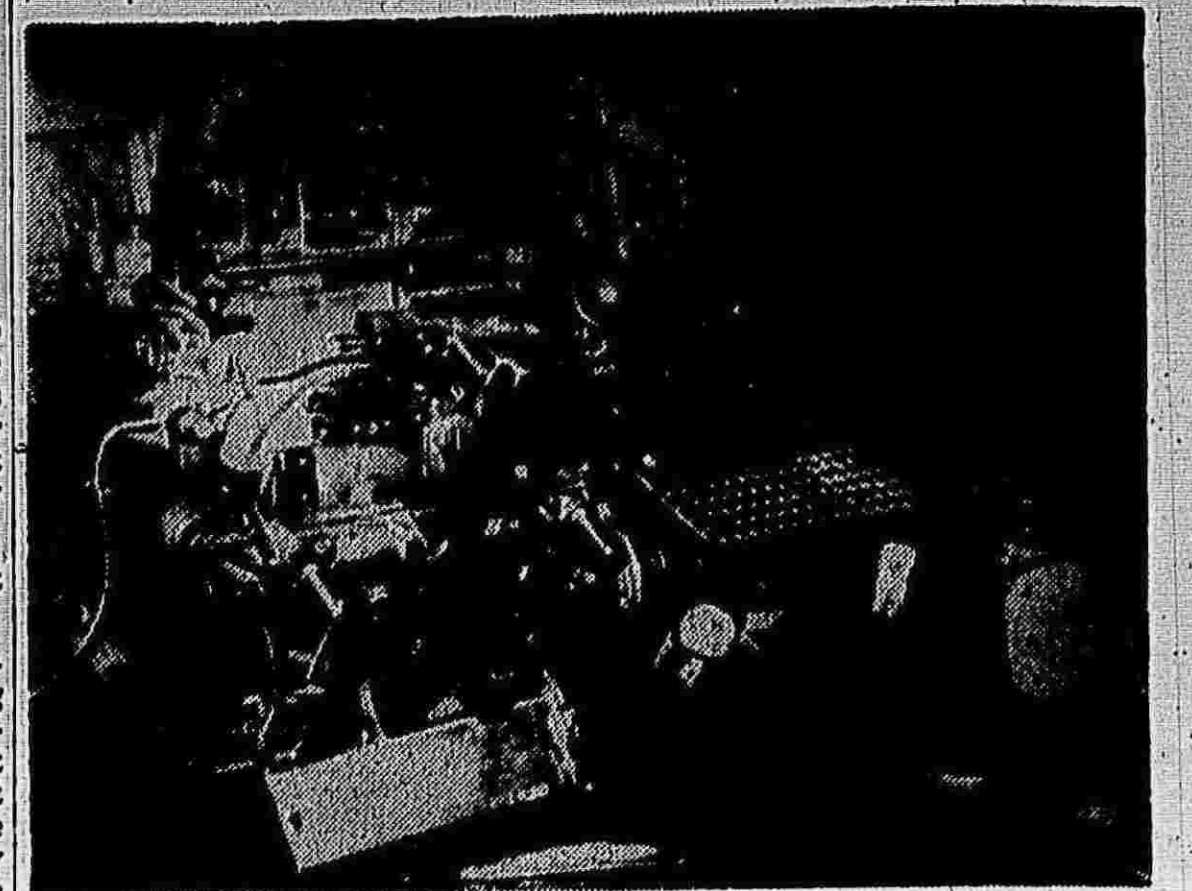

A new application for membership in the Unit was accepted and the Unit now has a membership of 107.

Total national income in India increased by 17.5 per cent during the five years of the First Economic Development Plan, 1951-56. The 1956 output of food grains of 64.8 million tons was nearly 11 million tons above production levels of 1949-50.

# Lake Folks Have \$10 Million Salted Away in Bank Savings

## Five Area Banks Note Hike in Assets, Home Loans

People in the lake area of which Antioch is the hub can look forward to another good year in 1959, including their financial condition.

A survey of the five banks in the area show that the people at the end of 1958 had \$10,317,505 in savings at the banks and could call upon \$8 million more from their demand deposits.

**THE BULK OF** the savings account money, more than \$6 million of it, is in Antioch's two banks.

The money in savings accounts is up more than a half million dollars from the year end totals in 1957, the figures show.

Every one of the five banks showed a healthy growth and all are optimistic for this year. All bank officials forecast a steady population rise as Chicagoans move to the suburbs. Home building and the banks' real estate loans will continue to move upward.

**TOTAL ASSETS** of the five banks totals more than \$21,966,682 with the State Bank of Antioch the largest with one-third of the total.

Best growth of all banks has been

the four-year-old Fox Lake State Bank whose assets at the end of the year were \$4,375,945. Albert Hoffmeyer, president, admits his institution is shooting for \$6 million in 1959 and will be attempting to get a new building. "We're just starting to grow," he says with enthusiasm.

Antioch State Bank added almost a million dollars to its assets last year to place second in growth. It was the best year in the history of the banks, says William Brook, vice president. A \$91,000 expansion program is under way at the State Bank.

**SILVER LAKE STATE** Bank increased business about 10 per cent last year says Erik Hansen, president. Its assets rose \$381,128 to \$2,668,634. A banner year is predicted for 1959 as Bong Air Force Base is scheduled to be completed and people continue moving out from Chicago. Hansen notes that real estate loans have increased in the past year as homes have been built and remodeling of summer homes to year around residences is going at a rapid pace. Homes are valued between \$6 and \$15,000, he says.

The First National Bank of Antioch showed a continued growth with assets up \$219,440 during the year. The bank's business is valued at \$4,965,886 at year's end, says E. J. Sletten, vice president.

**ALTHOUGH BOTH** demand deposits and savings rose at the Lake Villa Trust and Savings Bank, total assets took a slight decline in 1958. The year ended at \$2,124,368, down \$2,556, reports D. E. Spore, assistant cashier.

As more people move into this area, the banks can count on continued growth also, the bankers agree. It is the tendency of people moving from Chicago to drop their connections there in favor of the smaller local banks. This is one of the reasons for the big bank pressures on the 1959 General Assembly of Illinois for the branch banking bill.

If the bill passed, it would make the big banks bigger and would tend to kill the smaller banks, the officials agreed. The two giant Chicago banks are already actively seeking loan business from these far suburban areas, says Fox Lake's Hoffmeyer.

At present the big banks are asking for branches only in Cook County, but the area bankers view this as a foot-in-the-door technique and it would be no time before they were all over the state as is the world's largest bank, the Bank of America in California.

**Consumer Credit** High Here During '58 Mild Recession

Last year's mild business recession apparently was not felt too much here.

William Brook, vice president of the State Bank of Antioch, says that consumer credit in this area did not taper off while the rest of the country was in a period of doldrums in early 1958.

Brook attributes the continued rising of purchases to increased population offsetting any real decline in individual purchases and an unscared public here.

Mr. and Mrs. Mernon Graham and children of Winthrop Harbor and Mr. and Mrs. William Powell of Waukegan spent New Year's eve at the Herbert Graham home.

Mr. and Mrs. Ellis Gott of Waukegan spent New Year's Day with their daughter, Mrs. Lyman Bonner.

Mrs. Frank Edwards and Mrs. Jacob Kaluf spent New Year's Day at the John Edwards home in Libertyville.

Mr. and Mrs. Harlin Seessengood of Newton, Ill., were week-end guests of Mr. and Mrs. Herbert Prange.

Mr. and Mrs. Chris DeYoung were supper guests of Mr. and Mrs. Oscar Neahous Thursday.

Mr. and Mrs. Howard Petty and daughters of Urbana were overnight guests at the L. S. Bonner home Saturday night.

Mr. and Mrs. Charles Lucas spent Saturday evening at the home of Mr. and Mrs. Robert Nelson at Round Lake, the occasion being Linda Nelson's first birthday.

Mrs. Albert Smith and daughters, Helen, Karen and Wanda of Antioch were callers at the Oscar Neahous home Tuesday afternoon.

Mr. and Mrs. Leslie Bonner and Mrs. Lyman Bonner and daughters, Kathy and Nancy, spent Friday at the home of Mr. and Mrs. Verlon Stahnke of Arlington Heights.

## Spur Track To Bong AFB Is Completed

Work parties of the Soo Line Railroad have completed building a spur track to connect the Antioch-Burlington line with Bong Air Force Base.

The track two miles long, is carrying most of the equipment and materials used in building the giant base and will be used to supply the base once it is operational.

In building the spur track, the Soo Line assembled the largest aggregation of company equipment on one project in the history of the firm.

## NU Musicians To Honor Composer Handel

In commemoration of the 200 anniversary of the death of George Frederic Handel, the school of music at Northwestern University will present a three-day Handel Commemoration Festival Friday through Sunday, Jan 30 to Feb. 1.

To present a picture of the composer's versatility and skill as well as to introduce works which are seldom heard, at least one of Handel's compositions in every major musical form will be presented.

The Handel Festival at Northwestern University is one of the first events to be held throughout the world this year in recognition of Handel's bicentennial.

## Letter Asks for Expansion of NIU Campus

Illinois State Normal University is "virtually locked in" and must have additional land in order to expand.

The 70-acre main campus, now populated by some 5,000 persons, is only slightly larger than in 1859, when the university in its first year had less than 100 students and teachers.

Plans for ISNU development, under study by the Teachers College Board, were made public this week in the January "News Letter" for alumni. Pointed out is the fact that the campus, smallest of any in use by the six state-supported Illinois universities, now is bounded by a railroad, residential and business sections, and a tract for farming, playing and practice fields, as well as temporary barracks.

## Local Ace Store In Top 25% In Chain's Sales

One business firm in Antioch did so much business during the Christmas season that it was in the top 25 per cent of all stores of its kind in the nation.

Ted Costoff, manager of the Ace Hardware in Antioch, Rt. 59 and 173, was among store representatives attending a banquet at the Conrad Hilton Hotel in Chicago honoring the top stores in the Ace Hardware chain. There are about 300 stores in 15 states. Antioch Ace's business was up more than 100 per cent over last December.

"We intend to help the people of the area become more aware of our values by intensifying our advertising," Costoff said.

## Troop 91 Mothers Club Meets, Elects Officers

The Mothers Club of Troop 91 met last week at the home of Mrs. W. T. Henning.

Officers for the coming year are Mrs. Richard Eckert, president, and Mrs. Walter T. Henning, secretary-treasurer.

It was unanimously agreed to change the meeting date to the second Tuesday of each month. Mothers of the troop are invited to the next meeting to be held on Feb. 10 at the home of Mrs. Anthony Lulich.

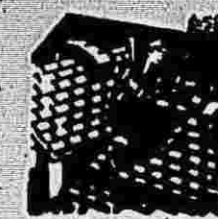

## Plans For Summer

Planning for summer is John Horan who appeared before the Village board Tuesday night to ask for carnival permits for July 6-12 and Aug. 26-30.

The permits will be issued at the time to the Knights of Columbus and the American Legion. The board will grant the permits when official application is made.

OLD SONGS AND NEW will be sung out Swedish Men's Glee style Saturday night in the Antioch High School auditorium. The concert featuring this famous group will provide funds for the high school music association in the annual spring tour for the senior band and chorus.

## Famous Swedish Glee Club At ATHS Saturday, Proceeds To Band, Chorus

One of the first concerts in the 54th year of the Swedish Glee Club will be held Jan. 17 at the Antioch Township High School auditorium. The program, to begin at 8 p. m., is presented under the sponsorship of the ATHS Music Assn. Proceeds will go toward defraying expenses of the senior band and chorus trip next March to the St. Louis area.

AMONG SELECTIONS to be given will be "Let There Be Music," by Williams, "Stouthearted Men," by

Romberg and "The Lost Chord," by Sullivan.

Mrs. Kenneth Young, Rt. 2, Lake Villa, is secretary of the Music Assn. and in charge of the local program.

The Swedish Glee Club had its founding not far from here in the fall of 1905. In the Woodman Hall at Waukegan a group of men elected Richard J. Rinaldo as president, then made plans for their first of what became annual concerts.

At first the chorus sang only Scandinavian songs but soon popular American songs were added. As the club grew, its own club building was erected and became home for 2,000 active and associate members. Today there are 60 singing members, the only ones with voting power.

DURING THE rehearsal season, attempts are made to schedule a

public appearance at least once a month. During the Christmas holidays the schedule goes as high as four in a day.

Director at present is Viktor Hedgren, a publisher and writer of music as well as arranger for some specialty numbers. He is associated with the National Broadcasting Co. Hedgren will direct the Antioch performance.

### Ice Falls From Truck, Cuts Man In Car

A freak accident on New Year's Day near Millburn brought out the Antioch Rescue Squad in the second of two calls.

Albert Jarrett, Libertyville, was following a truck on Rt. 45 when a huge piece of ice dropped off and hit his windshield. The glass from the windshield caused eye and head cuts.

THE SQUAD ALSO took Wilbur Bonnett of Racine to Victory Memorial Hospital after his automobile crashed on Rt. 173 near Rt. 45. The victim later died of injuries.

Two minor calls were answered on Jan. 4.

### NORTH PROVIDES STUDENTS

The northern 21 counties in Illinois furnish most of the students for Northern Illinois University in DeKalb. This explains, in part, the rapid growth of the school. Eighty-three per cent of the population growth in the state from 1950-55 has been in that northern area.

## Senators Filibuster Long, But Women Still Longest Talkers

The expected Senate battle to restrict the filibuster may leave women the undisputed champs of the art of talking the opposition to death.

The little woman has long been notorious for her back-fence oratory. But she has had strong competition from senators who have recited from the Bible, read old newspapers and even disclosed their favorite recipes in an attempt to kill or amend legislation they opposed.

RESEARCH EXPERTS with the World Book Encyclopedia report that many believe Sen. Strom Thurmond holds the record for a one-man filibuster. The South Carolina Democrat spoke for 24 hours, 18 minutes, in 1957. He began the filibuster by reading the texts of the election laws of the 48 states.

Thurmond got a breather, however, when another senator asked for the floor to make an insertion in the Congressional Record. Some purists argue that Sen. Wayne Morse held the floor longer than any other member of the Senate. In 1953, the Oregon Independent talked for 22 hours, 26 minutes,

without any interruptions, in an effort to prevent the passage of the tidelands oil bill.

REPUBLICANS, TOO, have had their share in trying to stifle legislation by wearing down the opposition with talk. In 1908, Wisconsin's Sen. Robert LaFollette Sr. held the floor for 18 hours, 23 minutes, in a filibuster against the Aldrich-Vreeland currency bill, although he did not talk continuously.

Senators have filibustered against targets ranging from the Atomic Energy Act to a migratory-bird bill. But despite these formidable male

threats, the record for an unbroken monologue still belongs to a woman. Last summer, a housewife from Tulsa, Oklahoma, won a contest for the world's champion talker by jabbering away for 94 hours, 32 minutes, 5 seconds.

The men will move into the spotlight and then into the kitchen at the Men's Night of the Grass Lake PTA meeting next Monday night at the school. The meeting will begin at 8 p. m.

## Salem Girl Wins District Pie Contest

Arlene Schmidt, 14-year-old Salem High School freshman, this week moved into the finals of the Wisconsin state cherry pie baking contest after having won the district title in Milwaukee last Saturday.

She was reported last week in the Antioch News as being a champion but erroneously called a pie eater. Her winning the district baking title places her in the proper category.

The prize-winning recipe the Sa-

### PRIZE WINNING CHERRY PIE

**Crust:**  
1½ cups flour  
½ cup shortening  
2 tablespoons beaten whole egg  
2½ tablespoons milk  
¼ teaspoon almond extract  
½ teaspoon salt  
1 tablespoon butter  
½ tablespoon vinegar

Sift all flour and salt together, add shortening and butter and blend. Then mix the beaten egg, the milk, vinegar (used to cut sweetness) and the almond extract.

**Filling:**  
2/3 cup cherry juice  
3 tablespoons tapioca  
1/8 teaspoon salt  
½ teaspoon almond extract  
2½ cups frozen cherries  
¾ cup sugar  
2 tablespoons butter

To the juice add tapioca, sugar and salt and bring to a boil. Then add butter and almond extract. Finally add the cherries and put the filling into the pie shell.

Cover with crust of woven lattice design and bake for 10 minutes at 425 degrees, then reduce to 350 degrees and bake for 35 minutes.

You can participate in this popular feature of the Antioch News and receive your choice of a three-piece carving set or a six-knife steak set just for sharing your favorite recipe.

Each week the News will publish one of the recipes sent in by readers. Winners can pick the set they want by stopping at the News office in downtown Antioch.

## Moose Leaders at Zion-Benton Breakfast

Robert Brice, third district secretary, and Arthur Anderson, junior governor of Antioch Moose Lodge, attended a third district meeting and breakfast at Zion-Benton Moose Lodge on Sunday, Jan. 11.

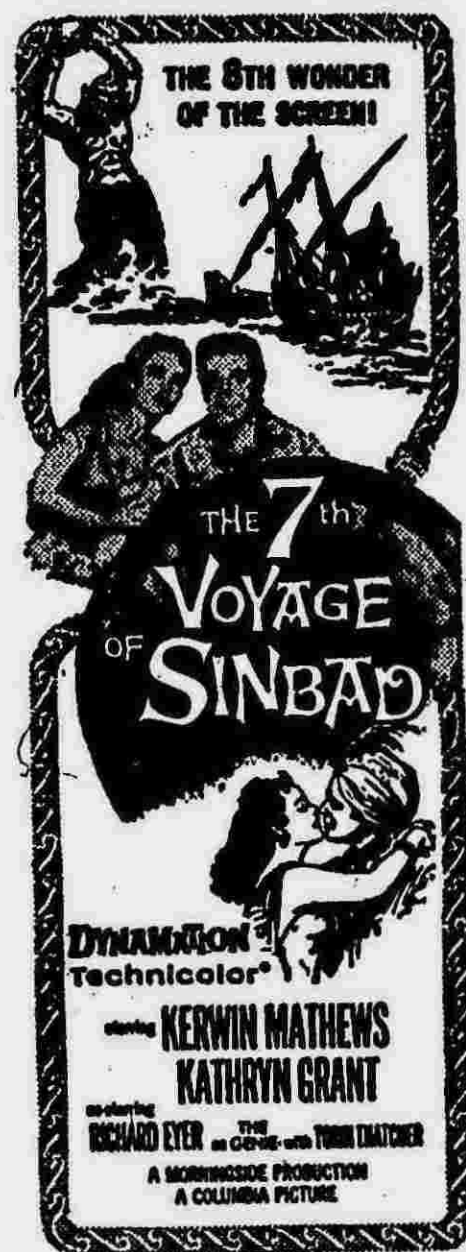

Several members of Antioch Moose Lodge went to Mooseheart Saturday night to see Antioch play basketball with Mooseheart, the child city.

In 'Sinbad' Movie

Local moviegoers will be treated to a first in a new film process Dynafilm at the showing of "The Seventh Voyage of Sinbad," which begins Wednesday at the Lakes Theatre.

According to Richard Meyers, manager, the process is a combination of animation, normal human action and blue-backing trick photo effects. Each of these effects is not new to Hollywood, but this new process brings them together for the first time, Meyers said.

SOME OF THE scenes using the new process will show star Kerwin Mathews engage in a sword duel with a skeleton and fight off a giant two headed roc.

Kathryn Grant also stars in the movie which will run for a week here, said Meyers.

## School Fire....

(continued from page 1)  
allotted 30 days," Richard Whitacre, superintendent of Antioch's Grade school said.

The 22 deficiencies listed for the grade school primarily include:

1. Additional directional exit signs;
2. Cover the boiler room doors with metal and change them to swing toward the boiler;
3. Store paints in metal cabinets;
4. Cover door frames from basement to first floor with fire resistant material and change to self closing doors;
5. Install more fire extinguishers;
6. All combustible material under stair wells should be removed;
7. Holes in ceiling are to be replastered;
8. New approved fire alarm boxes are to be installed;
9. All 25 ampere fuses are to be replaced by 15 and 20 amp. fuses.

Whitacre said, "The grade school board has authorized that we have these deficiencies corrected as soon as possible within 30 days." He mentioned that the correcting of deficiencies began within 48 hours after the report was received.

Inspector Brown said Tuesday that his office is working overtime every day inspecting schools in the northern part of the state. No other Antioch area schools have been inspected yet but they will be checked some time this year, Brown said.

Even a year-to-year inspection would not help in most schools for the same problems keep cropping up, Brown added.

SCHOOLS FOR THE most part are safe and the same general deficiencies are said to be in most schools. It is generally up to the town fire chief to keep checks on the buildings, he said.

Brown is an advocate of taking all heating systems out of the main buildings because fires often start in the heating plant itself. His office pays particular heed to boiler and furnace rooms. Six boiler room deficiencies were noted at the high school here.

## Win Streak Cut At 2 With Week'nd Split

Antioch's longest winning streak of the season was broken Saturday night. The team had won two in a row—its only two wins after eight straight losses.

Friday night here, the Sequoits moved out of the Northwest Suburban League's cellar as it pushed Wauconda down with a 70-49 victory. Wauconda still is winless in and out of the conference. Antioch has yet to be beaten in 1959 on the home court.

The local team built up a 65-38 lead with three minutes to go in the game before reserves came in, some of them for the first time this year. The victory for Antioch saw the most amount of points scored this year.

**WAUCONDA DID NOT** play as good a game as it is capable of, Antioch Coach Larry Leon said. The team is beset by personnel problems with only six men available for action. The year began with only eight players, Leon said.

However, it turned out to be a bad night for Wauconda and one of the best nights of the year for Antioch as the Sequoit shooting average was 55.4 per cent. Wauconda could score on only 40.5 per cent of its shots.

**IN SATURDAY'S GAME**, Mooseheart, Ind., came back with steam to avenge a loss a week ago to Antioch in the Lake Zurich finals of the holiday tournament. That win was Antioch's first of the season.

Though the loss was only slight, 57-55, it was compounded by the possible loss of forward Don Pyles who sprained an ankle in the third quarter.

The entire game was even, Leon says, and Antioch had a 55-54 lead with 10 seconds to go. With the ball out under the Mooseheart net, it appeared the Sequoits could hold on for victory number three. But the inexperience of the local Indians told as Dahlman lost the ball in close play and the host team scored a basket and got a foul shot, to ease in with the win.

Mooseheart played better than in the tournament loss to Antioch but the short floor, heat and noise apparently afflicted the Sequoits, Leon says. A series of bad passes in the first half by the Indians possibly lost the game for them, he says.

The totals:  
Wauconda: Berger, 2-1 (5); Wasilas, 2-0 (4); Kazimur, 3-6 (12); Hubbard, 4-3 (11); Winteroth, 5-5 (15); Lucas, 1-0 (2).  
Antioch: Magiera 8-0 (16); Pyles 9-3 (21); Martin 6-2 (14); Gudgeon, 0-0; Dahlman 6-1 (13); Portalski 2-1 (5); Nielsen 0-1 (1).

**Score by Quarters** 1 2 3 4 F  
Wauconda 16 11 6 16—49  
Antioch 17 20 15 18—70  
**Antioch:** Magiera, 3-1 (7); Pyles, 6-5 (17); Martin, 1-1 (3); Dahlman, 6-5 (15); Portalski 5-1 (11); Gudgeon 1-0 (2).  
**Mooseheart:** McNeil, 1-0 (2); Upton, 1-1 (3); DeWitt 7-1 (15); Keenan 2-1 (5); Hammond 7-3 (17); Ferry 4-2 (10); Willow 2-1 (5).

Antioch 13 12 17 13—55  
Mooseheart 15 12 15 15—57

## Sophs Split Games On Weekend, Drop To Second Place Tie

Antioch's sophomore basketball team lost its first conference game Friday night, as well as its first place standing and left Wauconda in sole possession of the honor spot in conference sophomore play.

Wauconda dealt Antioch a 29 to 25 defeat in a ragged low scoring duel. The little Sequoits showed the effects of a two week layoff by hitting only 28 per cent from the field and not showing their usual hustle. The loss dropped the sophs into a second place tie with Warren. On Saturday night the young Sequoits got back on the win trail with a 45 to 20 win over Mooseheart. Les Herbst, with 24 points and Brian Elliott, with potent rebounding led the Antioch attack.

## \$10,000 in Prizes

# Ice Derby at Silver Lake Jan. 25; Winters Top Show

One of the top events of the winter, the annual Ice Fishing Derby-Carnival at Silver Lake, will be held this year on Sunday, Jan. 25 beginning at 7 a. m.

Sponsored by the Conservation Club of Kenosha County, Inc., a list of prizes worth \$10,000 will be given away in various winter-time events. Top prize to be given to the persons who best answers a conservation question will be a 1959 Rambler station wagon. Others include outdoor motors, Kelvinator freezer, sewing machine, typewriters and shotguns.

**THE QUESTION** which an expected 20,000 winter sport lovers will

answer is: "In my opinion, without the work of the county-wide conservation club, the hunting and fishing in Kenosha county would be..."

But while the spectators are not answering the prize question, they will be competing for various awards for ice fishing, hula-hoop twirling (with winter clothes on), and watching "Frosty John," a 300-pound Minnesota ice fisherman conduct an ice clinic; watching the "human polar bear" Emmet Perrin, cavort in the ice water and sunbathe on a chunk of ice.

**ALSO THEY WILL** watch the

Keno Aqua Club skindivers and "Sandy—the living dog" with his underwater swimming and hunting. It is hoped that TV star Lloyd Bridges, of Sea Hunt will join the skin divers in the frigid water.

All money netted from this event will be utilized to develop and enlarge youth conservation projects in the county. Junior rifle instruction and teams will be expanded. A portion of the receipts will be used to help pay off mortgages on the newest land purchase of the club, 65 acres for a gunnery and archery range. The property is now 185 acres.

## Scouts Take League's Third Spot With 86-77 Win Over Algonquin

Antioch's Scouts Monday night moved into third place in McHenry County Basketball League with a squeaky 86-77 victory over Algonquin whose Ed Manchester neatly flipped 40 points through the hoop.

The win was the Scouts' fifth straight and their 12th in the last 14 court contests.

**ANTIOCH JUMPED** off to an early lead. Algonquin roared back and took the lead but Al Reckers, Bill Baird and Jack Pregenzer hit the hoop regularly to give Antioch a 20-18 first quarter margin.

With 8:30 left of the second quarter Algonquin pulled out in front, 24-23. Balistreri slipped a shot

through the cords and the Scouts rolled to a 10 point margin with 13 seconds remaining before the half. Algonquin's Manchester hit for four of his 40 points and Antioch's margin was whittled to 6 points, 48-42, at intermission.

At 1:32 of the third period, one that saw both clubs rough it up, Algonquin went ahead, 60-59. But by the end of the stanza they led by four.

**ALGONQUIN** increased its lead to eight points with slightly over eight and one-half minutes remaining. Then Jack Pregenzer drilled in a shot; Smejkal dropped two gift tosses. Balistreri and Pregenzer arched in jump shots. The game was tied at 69 all. Russ Connelly put the Scouts into the lead with 6:40 remaining and Antioch began stalling at the four and one-half minute mark. It worked. Fouling was frequent and the tussle ended 86-77.

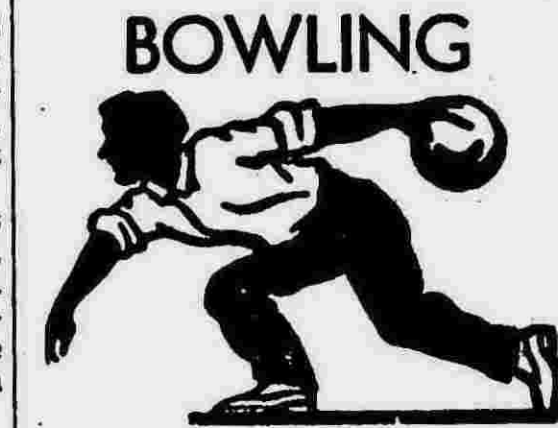

Ed Manchester garnered his total of 40 points on one-handed jump shots from about 15- to 20-foot out. But when Antioch guarded him closely, he got a running start on his man and shot off balance. It

was his night and he played a heads-up-and-remarkable game.

Al Reckers led Antioch with 24 points but the scoring was balanced between all Scouts—five men hit in the double figures.

**NOTES:** Manchester hit 12 out of 13 free throws. . . . This was the fourth game in a row that at least four Scouts have hit the double figures and the second game in a row that five men have entered that select circle. . . . Antioch's superior height began to show its authority in the last eight minutes of the game. . . . The officiating was spotty. . . . Bad passes hurt the Scouts in the first half. Tom Poulos played a good defensive game. . . .

**The totals:**  
Antioch: Pregenzer 8 - 4 (20); Reckers 10-4 (24); Connelly 5-3 (13); Balistreri, 5-0 (10); Poulos, 0-0; Smejkal, 3-3 (9); Baird 3-4 (10).  
Algonquin: Eberly 1-1 (3); Manchester 14-12 (40); Nergaard, 1-0 (2); Berbel, 2-3 (7); Holtz 4-0 (8); Bath, 5-3 (13); Ritt, 1-0 (2).  
**Score by Quarters** 1 2 3 4 F  
Algonquin 18 24 21 14—77  
Antioch 20 26 11 27—86

## Monday Night Owl League January 5

John's River Inn had high team series, with games of 868-978-834—2680 total.

State Bank of Antioch won two games from Vana Beverages.

First National Bank (Elmer Frank 547) won two games from 4 Aces.

(continued on page 12)

## Six Local Bowlers Meet Chicago Team Sunday

Six local bowlers will tune up for the coming 14th annual Antioch Men's Bowling Tournament when they meet the Old Fitz team of Chicago next Sunday in the Antioch Bowl lanes.

The match game series will begin at 1 p. m. and will pit Antioch's All-Stars' 978 average against Old Fitzgerald's 1002. Jack Sampayo, co-owner of the local bowling house credits William McCormick of Chicago with bringing the city and state champions here.

**ROLLING FOR** Old Fitz will be Frank Celebre, Otto Niehus, Lou Cioffi, Joe Simonis and Andy Rogoznica.

For the All-Stars will be Marv Shepard who has the season's high average in Major League bowling with 205. His teammates will be Lou Thompson, (Snapper) Gerretsen, George Smith, Vern Baker, who will be captain, and Joe Sterbenz, Jr.

The match game is open to the public.

## Grant Tripped By Lake Geneva Tuesday Night

Grant High School lost a hard fought 65-56 basketball decision to Lake Geneva before a screaming crowd in the Grant gym Tuesday night.

Both teams attempted to catch the other off guard with defensive shifting into an all-court press at various stages of the game. Grant almost turned the trick but could not quite get the lead. Here is how it happened.

**THE GAME STARTED** slow and the first quarter ended 11-8 for the highly touted Badgers. The pace of the game picked up slightly in the second stanza. Both teams had poor luck with shots. Lake Geneva's five doubled their margin, 30-24, by the end of the period.

The Badgers again increased their lead at the outset of the third quarter but then, about midway along in the period, Grant began an all-court pressing man-to-man defense. It bothered Lake Geneva's normally cool quintet. With a few seconds remaining in the third period Grant pulled within two points of the Wisconsinites, 43-41. As the buzzer sounded ending the period, O'Neill's one-handed push shot from the side court hit the cords to make it 45-41 at the three-quarter mark.

## HOBBIES

PHONE: DUNKIRK 1-0516

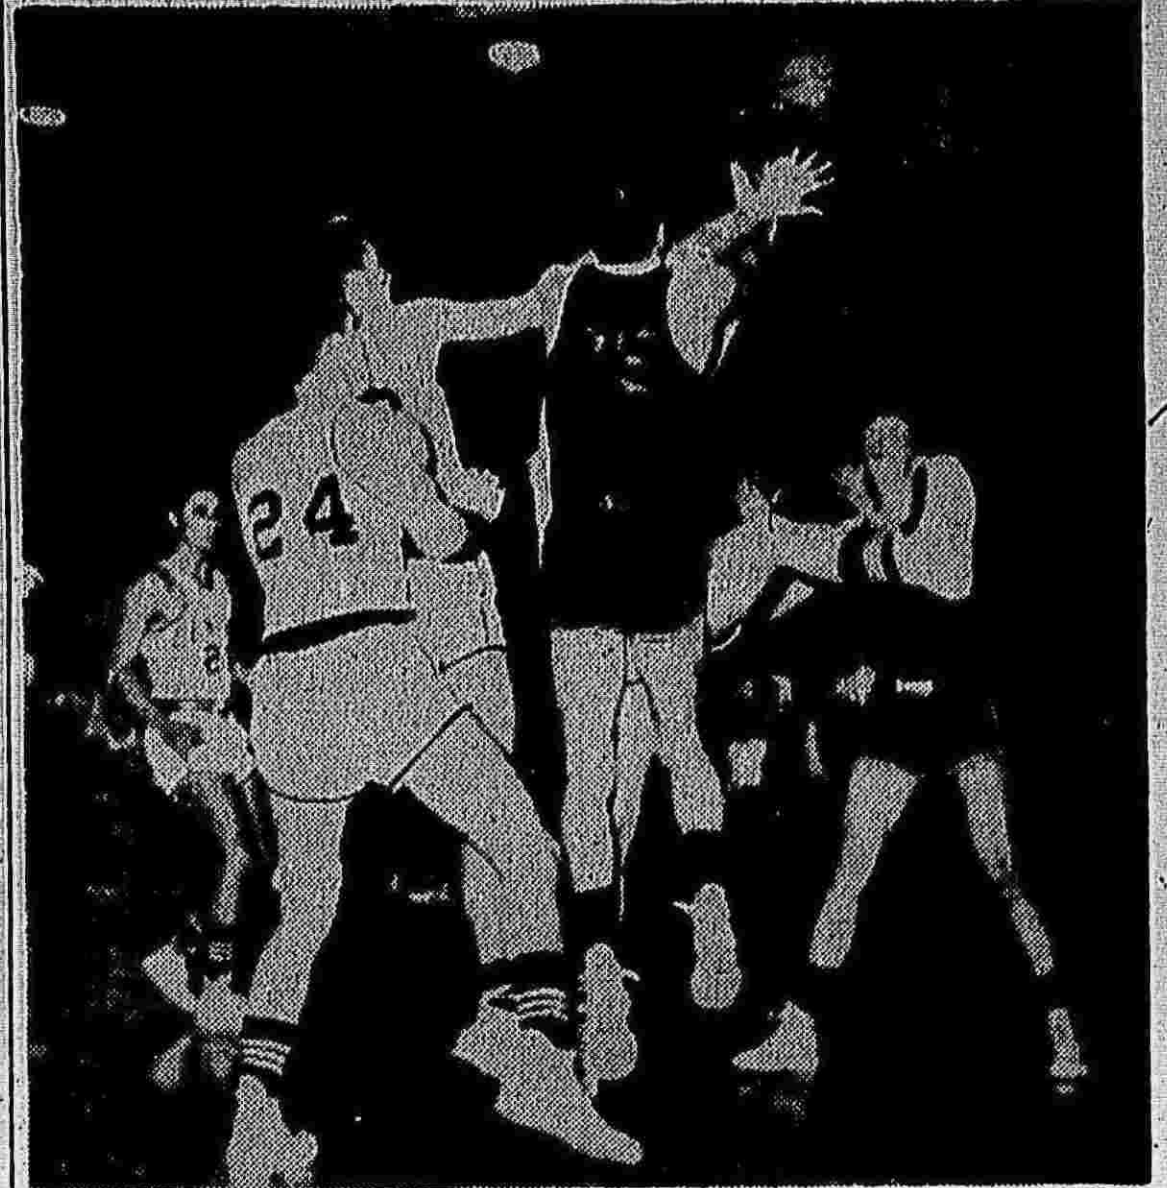

Model Kits—R.R., boats, planes. Bike repair.

120 W. Main Barrington

**WITH BOTH TEAMS** pressing the length of the court, passes were frequently intercepted and the play appeared ragged and unorganized. Gradually Grant fell behind until 10 points separated the two teams. Nelson fouled out for Lake Geneva but the Badgers successfully stalled out the closing couple minutes of the fascinating struggle.

(continued on page 12)

**TOO MANY HANDS** and nobody can get the ball. The ferocious battle for second place in the Southeastern conference between Salem Central and Pewaukee last week found Salem in the victor's role—again. Here, Fred Lentz (24) and Len Krawczyk and an unidentified Salem player (foot high) battle with Dave Shell (25) of Pewaukee.

## Salem Drops 65-46 Game to League Leaders, Fall from Second Place

## Salem Moves to Second in Loop With 75-59 Win

Salem Central's Falcons heated up in the last five minutes of their home game Friday with Pewaukee and pulled out a strong 75-59 decision to move into second place in the Southeastern conference.

Coach Dorm Gram's cagers were slow at the outset. Falcons were caught "sleeping" in the back court. Pewaukee's race horse, fast break style of play gave them a 19-13 edge at the end of the first quarter.

During the first part of the second quarter Pewaukee continued to pull away from their over anxious and seemingly tense hardwood foes. With 3:14 left of the period the boys from Pewaukee had amassed a 10 point lead. Central moved to within five only to fall behind again. Near the end of the quarter Ronnie Yates and Fred Lentz flipped in baskets in rapid succession. Salem pulled within two points of Pewaukee. Marcic was fouled at the gun. He sank both shots and Pewaukee led at the half, 32-28.

**WITH JUST OVER 1:50** gone of the third stanza Davis pushed a shot in the net and the score was momentarily tied at 34-all. Pewaukee pulled away again but with only a few seconds remaining in the period Davis netted another shot and the Falcons took a 52-50 lead.

Early in the fourth quarter Pewaukee tied the score 54-54. Then Dick Neu, Lentz and Yates hit consistently on field shots. Central went into a 64-57 lead with two minutes remaining. Davis, Neu and Lentz kept drilling baskets until the final whistle sounded. Central had won its fourth conference game. The Falcons had avenged their only conference loss.

**Score by Quarters** 1 2 3 4 F  
Pewaukee 19 13 18 9—59  
Salem 13 15 24 23—72

Undefeated Arrowhead whipped Salem Central 65-46 at Salem Tuesday night on the strength of a good third period. The loss dropped the Falcons from second place in the league, a spot they held only over the weekend.

Salem led at the end of the initial period, 13-9, and at the half 26-23. Then came the intermission and apparently the Falcons cooled off a little too much because when they came back on the floor to resume play they couldn't find the range. Before long the score was 33 to 26 for Arrowhead. Central couldn't catch the conference leaders who piled up a 40-33 margin at the buzzer ending the third stanza. Weber got 13 of his 25 points in the third period on jump shots from all over the court.

**THE FOURTH PERIOD** was nearly even with Arrowhead holding a 3 point advantage on scoring.

Lierk of Arrowhead kept his team close in the first half by sinking seven out of seven from the free throw line. In the second half he plunked in six out of 11. Ronnie Yates paced the Falcons with 14 points.

**The totals:**  
Central: Lentz 0-0; Erickson 2-0 (4); Neu 1-0 (2); Foulke 1-0 (2); Krawczyk 1-2 (4); Yates 6-2 (14); Ellis 0-2 (2); Schulz 3-3 (9); Wiedner 0-0.

**Arrowhead:** Donovan 0-2 (2); Schossow 0-0; Mueller 5-0 (10); Lierk 3-13 (19); Cusick 2-3 (7); Balkman 0-0; Webon 12-1 (25); Dutton 1-0 (2).

Free throws missed: Central 6; Arrowhead 10.

In a preliminary game, the Salem B team, coached by Roger Terry, capitulated after a ferocious battle 31-28 to Pewaukee's B squad. For Salem, Westman was outstanding on both offense and defense but it was Shuefer who dumped in 15 points to take scoring honors.

Dragging doors frequently can be corrected by tightening the screws that hold the hinges in place.

**It's Changing Now****Interpret Freedom as 'Do Nothing' In Liberia, Churchman Says**

"For years the people of Liberia have interpreted freedom as an opportunity to do nothing," the country has now awakened to the realization that "freedom must be well used if it is to help them," Bishop Charles W. Brashares writes.

The Illinois Methodist leader is on a two-months tour of Africa as a representative of the Methodist Council of Bishops. The bishop consecrated the new Community Methodist Church at Lake Villa just before he left for Africa.

"LIBERIA TODAY has an almost perfect situation in which to forge ahead. Pres. Tubman is the greatest leader in that whole section of

Africa. He has no narrow policy of Africa for the Africans," the Bishop said. "Spanish people can build hostels. Italians build machines; Americans and Swedish people amplify the iron mines, and Firestone and others develop rubber trees and the tire factory. With this encouragement the economy is rising fast. The government encourages churches, schools, hospitals in a very real way. More roads are being built into the interior."

Since Pres. Tubman is an active Methodist layman, Bishop Brashares presented him with one of the symbols of Methodist Men, an international organization with 12,283 local units.

Bishop Brashares was scheduled to leave Leopoldville, Belgian Congo, on Thursday, Jan. 1, three days before fighting broke out there. He is scheduled to be in Luluabourg, Lodja, Kindu, and Elizabethville before leaving the country on Jan. 19 for Salisbury, Southern Rhodesia.

According to reports, fighting in the Belgian Congo has been limited to Leopoldville. Thirty-five persons were killed there in fighting Jan 4-5.

**4 Neighbors Oppose Business Rezoning**

Neighbors of Edward Brylinke, Beach Grove Rd. and Rte. 59 in Antioch protested to the county zoning board of appeals last week reclassification of his property to business.

Brylinke said he had owned the land, now vacant, for 10 years and proposed to sell it for a roofing business.

Walter Witt, William Campbell and Albert and Jean Holtz told the board that they felt the structure might cause a fire hazard to the Emmons School on the opposite corner.

**County Red Cross Starts Disaster Plan**

The first steps in the formation of a county-wide Red Cross disaster relief plan was taken last week by a committee which met at the Lake County Chapter's headquarters in Waukegan.

A primary move of the committee, which is composed of businessmen, a housewife, a Catholic priest, and men skilled in industry, will be to enlist the service of volunteers from every community in Lake County.

**WE NEED THE help of many, if we are to develop the kind of organization which the county really needs and which it has not had up to this time,"** said William L. Stuart, committee chairman.

Stuart told the committee that their work, although closely allied with Civil Defense, would differ in that the role of the Red Cross is helping families and individuals meet disaster-caused needs which they themselves cannot take care of, whereas Civil Defense in a natural disaster has the job of protection of persons, public buildings and property.

Fires, explosions, tornados, high winds, floods, epidemics, and train and bus wrecks are among the many causes of natural disasters which could strike at any time in Lake County, the committee was informed. Nationally, the Red Cross assists in more than 300 disasters a year.

The committee voted to hold a training institute in February at which time a nationally known expert on disaster causes and effects will be present to brief local volunteers on their jobs.

**Features Navy Medicine**

Many of the great advances the American Navy has made in handling its sick and wounded over the past century are shown in a new exhibit at the Chicago Museum of Science and Industry. Admission to the Museum and the exhibit is free.

Entitled "100 Years of Naval Medical History" and presented jointly by the U.S. Navy Bureau of Medicine and Surgery and the E. R. Squibb & Sons Pharmaceutical Corporation, the exhibit will remain throughout the period ending Jan. 28.

**Fox Lake Hills Ladies Plan Monthly Events**

Thirty-two members of the Fox Lake Hills Ladies' Auxiliary met last week to discuss plans for the group's coming events. Mrs. Elbert Weathers, Mrs. Guy Hamm and Mrs. William Conrad were hostesses.

Next meeting will be Feb. 4 at the home of Mrs. George Chonis to finalize plans for the bake sale on Feb. 7 which will be first of a series of monthly social events.

MRS. FLORIAN JAKIEL, chairman, and Mrs. Robert D. Coleman will handle this event.

An amateur show for children will be the April social event with Mrs. R. D. Coleman as chairman; a rummage sale will be in May with Mrs. William Conrad as chairman and in June will be the second annual picnic.

Reversing the tube may improve a fluorescent light that has grown dark at one end.

**Antioch Student Gets High Honors at U. S. Naval Academy**

Midshipman Dennis W. Brezina, son of Mrs. Bessie W. Boyd of 258 Park Ave., Antioch, class of 1959, has been named to the Superintendent's List at the U. S. Naval Academy, Annapolis, Md., for scholastic accomplishments during the first term of the academic year 1958-59.

The List is similar in many ways to the Dean's List at many colleges and universities. In order for a midshipman to be so honored, he

must meet a minimum academic average of 3.3 (82.5%) in his studies, have a mark no lower than 3.2 (80%) in aptitude, and possess a conduct standing satisfactory to the Commandant of Midshipmen.

Those who achieve the distinction of making the Superintendent's List are granted special privileges commensurate with their class for the succeeding term. This also creates among the midshipmen an increased interest in doing well and taking deeper pride in their work.

India's resources of workable coal are estimated at 20,000,000,000 tons.

**Annual Meeting Of St. Ignatius Church Sunday**

Annual every member meeting of the Parish Church of St. Ignatius of Antioch will be held next Sunday at 4 p. m., announces the Rev. Edmond Hood, pastor.

Reports will be received from the Women's Auxiliary, the Church School, the Vestry, the treasurer, the missions treasurer and the rector. In addition, new members will be elected by the congregation to positions on the vestry, the pastor said.

**OTHER BUSINESS**, which will require the consent of the congregation, also will be presented.

In order to vote, members of the parish must meet the following requirements:

Must be baptized and 21 years old or more; must regularly attend the public services of the church in the parish; must be recognized as members by the rector and at least one of the wardens; must have for the past six months previous to the meeting, appeared on the books of the treasurer as having contributed to the financial support of the parish church. The rector requests that all members of the parish entitled to vote plan to be present.

Following the meeting, a pot luck dinner will be served in the basement of the parish hall by the Women's Auxiliary. Those planning to attend should bring a dish for the dinner, Rev. Hood said.

STILL GOING STRONG at the complicated line casting machine is the News' own Mabel Sayles who is in her 49th year of setting type for readers.

### Meet Your 'Lady of the Linotype'

## Mabel's a Girl of Many Words, All Spelled Right

When it comes to words, Mabel Sayles has no equal in this area. This 70-year-old lady of the linotype will pause during National Printing Week to shine up her type-casting machine at the Antioch News, then begin her 49th year of putting words together for the knowledge, information and entertainment of the thousands of readers of this paper.

**HER LONG TERM** of service to one owner shows that Mabel is the exact opposite of many printers across the country. It is not uncommon for an itinerant printer to work a week here, drift across a state and spend another week in another shop. The Antioch News has seen some of them.

With Mabel, long service is not the only thing which causes her to come into the spotlight in observance of National Printing Week.

**SHE'S NOT** "just another" machine operator but a woman who is unusual in many respects.

Born at 15 Hill at Richmond, Mabel completed high school at Richmond-Burton in 1906. After teaching for a year at Hardscrabble School south of Richmond and working on her parents' farm, she started on what became a long typesetting career on the old Richmond Gazette.

At that time, 1910, the new-fangled automatic typesetting machines were too expensive for country weeklies and Richmond was no different. So letter by letter out of type cases, Mabel put words together.

In a few years the owners installed one of the famous linotype machines and Mabel was learning to operate them.

**IN 1918** THE petite miss began another long association when Homer B. Gaston purchased the Gazette. It was Mabel upon whom the new editor depended for getting the words into print.

In 1926 Gaston's sold the Gazette and purchased the Antioch News. Soon Mabel came to Antioch to work her now experienced fingers on words News' readers depended upon.

Perhaps it is because she puts an experienced mind on her work besides a knowledge of the complicated machine that she has worked for just a few editors instead of many. Many are the writers who have had

difficult words spelled right by the lady of the linotype. Many are the contributors to the newspaper that have had their scratches figured out and set properly into type.

**MABEL NEVER** married, but spent her time well in studying law

ANTIOCH'S BEST speller, Mabel Sayles

by correspondence and growing a garden of plants and flowers that probably has no equal. Her brother Orrie says that it seems the 80 acre farm is not enough for proper planting, for Mabel is always looking for a new place to put a new plant.

But proper spelling, tense, and use of words is her specialty and the week doesn't go by when she makes another "save" for an editor.

Just as a little exercise, the editors this week figured how many words little Mabel sets in type. Last week it came to 17,670 words in 12 pages. At that rate it would be almost a million words a year. In almost 50 years, that comes to . . . well, you can see she is a woman of many words.

## 'We Can't Imagine Coming Growth' Says Banker in 1959 Forecast

"We can't imagine the growth coming this way," says William E. Brook, vice president of the State Bank of Antioch, as he surveyed 1958 and looked forward to 1959.

The St. Lawrence Seaway project will be accentuated here by the deep water port at Waukegan and additional facilities at Kenosha to make this area boom.

"**WE'LL GET OUR** share of industry in the growth," Brook says, but mostly this will be an area of much homebuilding.

He noted, and other bankers in the area echoed, that the heavy home mortgage business would continue upward. Auto financing also has been heavy and is forecast to continue.

The \$10 million in savings in five

area banks shows signs of "a thrifty community," Brook said.

### Antioch Homebuilder Files Incorporation

Arbor-Vista Homes, Inc., 312 Depot St., Antioch, has been issued a charter of incorporation by the secretary of state, with 500 shares of common stock authorized.

Incorporators are Alfred W. Israelstam, Jerold S. Braude, Warren E. King.

The company states that it proposes "to build, erect, construct and improve buildings of a residential or commercial nature and to do all other things incidental thereto."

### People Using Checks More Says Head Of Silver Lake Bank

People are depending more and more on their own checks instead of using bank money orders says Erik Hansen, president of the Silver Lake State Bank.

He reviewed his bank's position at the end of 1958 and noted a steadily growing demand deposit account and a decline in the bank's money order service. The bank, which serves most of the people in southwestern Kenosha county, had a healthy year with business up about 15 per cent over last year.

**PEOPLE ARE MOVING** into the area at a steady clip, most of them coming up from Chicago to remodel former summer homes. Increased Social Security payments should accelerate this trend, he says. Commercial activity is up also in the

bank's territory with a Silver Lake supermarket noting a full 10 per cent increase in business.

The bank serves the people in Salem and Randall Townships.

### My Neighbors

"I know that taxes are outrageous, but can't we PLEASE eat something besides potatoes?"

### Herman Holbeck Named To County Red Cross Nominating Committee

An Antioch resident, Herman Holbeck, 870 Main St., has been named along with 10 other Lake County residents, to nominate members of the board of directors of the county chapter of the American Red Cross.

Phillip Spedel, Lake Forest, president of the First National Bank of Lake Forest, was named chairman of the committee which will pick at least 17 members to serve on the board during the next fiscal year.

Eight other county communities besides Antioch are represented by the nominating committees.

### STUDENTS FROM COOK COUNTY

The largest majority of students at Northern Illinois University come from Cook County—2165. DeKalb county is next with 580 students.

### LANDSCAPING

"No Job Too Large or Small"

**BEGINNING A NEW YEAR** is the Village Board of Lindenhurst. All except one member of the board was present at its first meeting of the year Monday night. She is Mrs. Douglas Sanders who was out of town. Other members are, from left: Ann Lance, deputy clerk; Trustees Paul Hunt, Lowell Graves, Board President Robert Randall; Trustees Craig Henderson, Ted Brendell and John Slove and Mrs. Rae Gibbons, village clerk. The board meets regularly the second Monday of every month.

#### At Board Meeting

## Trustees Set Plans To Cope With Dogs Running Loose In Lindenhurst

### Appoint Randall To 'Inactive' Village Planning Commission

Dogs running loose is fast becoming a big problem to Lindenhurst residents, board members heard at Monday night's meeting in the village hall.

The village does have an ordinance governing care and keeping of dogs by residents, said Trustee Lowell Graves, and it should be more strictly enforced, he added.

The board agreed and directed John Slove, police supervisor, to have the officers clamp down on residents who let their dogs run loose.

**PENALTY FOR NOT** having a dog license is a fine of not less than \$5 and not more than \$100. Licenses are \$2.50 for female and \$1 for male and the village ordinance requires that dogs must be kept on leash, Graves said.

The board also will investigate the possibility of having a private dog catcher come into the village regularly to pick up and dispose of stray dogs.

Policemen don't like to have to take care of strays, Slove said, and his officers can't pick up a bothersome dog without a complaint of a resident.

A mailing to every resident of Lindenhurst quoting the dog ordinance and the vehicle tag requirements will be sent this month. Auto stickers will go on sale for \$5 on April 1 and must be displayed by May 1, the board said.

**IN OTHER BUSINESS**, the board appointed Robert Randall, village president, to fill the unexpired term on the village planning commission of Henry Ploss, one of the founders of Lindenhurst, who died last month.

Two more vacancies will occur in April when terms of two appointees expire. They will be replaced with appointments for four years.

Trustee Craig Henderson told the board that the planning commission had not met in several months and that it was virtually inactive. The appointment of Randall was the best move to instill some activity into the body the board felt.

Graves noted that the Village

### Lindenhurst

HELEN GRAVES  
Tel. Elliot 6-5335

Congratulations to Mr. and Mrs. Henry Nauer on the birth of a daughter, Carolyn Marie, on Dec. 22. The new little miss weighed 7 lbs. 3 oz. and was born in St. Theresa hospital, Waukegan.

Happy birthday to Billy Flanagan who was 7 years old on Dec. 28. A family celebration was held in his honor. Dec. 29 a party was given. Those attending were Bobbie Hunt, Pamela Page, Ricky LaChance, Carolyn Wacaser, Bruce Frontzek, Lynn Cary and John Kleffner.

Steve Krakowski, president of the Lindenhurst Men's Club, reports that the annual New Year's Eve party was a great success. The Women's Auxiliary helped in the decorations and also prepared the food, which was buffet style. Everyone enjoyed the band. Favors were distributed and everyone welcomed in the new year. The tables were set in a candlelight atmosphere. Approximately 100 people attended and hoped that this affair will be continued annually.

Bonnie Lou Krakowski is back home after spending the holiday vacation at her grandmother's home in Chicago. While there she also spent some time visiting her aunt and uncle.

Happy birthday to Kenneth Sheehan who celebrated his 13th birthday on Jan. 2.

Mr. and Mrs. Steve Krakowski had as guests at an open house party for the holiday Mr. and Mrs. Bud Barnes, Mr. and Mrs. Frank Plotzke, Mr. and Mrs. Lyle Mercer, Mr. and Mrs. George Zancak.

President could remove any member from any appointive position, with cause, if he felt that person was not serving the best interests of the community.

**JANUARY WILL BE** a month of study for most board members as they were assigned to look into various projects.

While facilities are not inadequate now, Randall suggested that moves be made now to study the possibilities of sewer and water expansion.

"We should have a definite plan when that time comes," he said, "and we should know where the money is to come from."

He asked Ellis Fuqua, village attorney, to look into the bonding power of the village and to begin a study of the town's assessments.

"We're not going to rush into it, but we want to have figures ready when the time comes," Randall said.

**ATTORNEY FUQUA** also was asked to inquire about another special census for the village. The board pegged July as the best time for the population count as more people will be moving into new homes when school is out for the summer in their present locations.

An increase of 250 will be enough to make the census pay, Randall said. Showing an increase will divert more tax money to the town as official population is the guiding post in allotment matters, he added.

The last special census was taken in May, 1958 when about 250 was added to the official population figures of the town. Lindenhurst raised its population to nearly 1,000 and estimates place the figure now about 1,100.

Because of the census figure hike, the town will be receiving about \$20 more per month from the Motor Fuel Tax beginning with December when the state begins with the new population figures, the board learned.

**A DELEGATION** of at least seven from Lindenhurst will attend the Lake County Municipal League organizing convention next week. Besides Randall those attending to study future plans for the county towns, will be, Lowell Graves, Paul Hunt, Ted Brendel, Mrs. Rae Gib-

### Douglas Sanders Elected Men's Club President

An election of officers of the Lindenhurst Men's Club was held last Tuesday with Douglas Sanders being named new president.

James Hartwig was elected vice president; Ted Flannagan, secretary, Bert Langager, treasurer, and Tom McSorley, sergeant at arms.

The new executive board will consist of Lyle Mercer, Ray Caldwell and Steve Krakowski.

### Immediate Sanding for Lindenhurst Streets

Immediately after future snow storms this winter, hills and bad corners in Lindenhurst will be sanded.

The village board Monday night authorized the street department to take care of the work immediately instead of waiting for a village official to issue the work order.

### LV Salvation Army At Christmas Aids Families, Rest Home

The Salvation Army Unit of Lake Villa was able to help several needy families and bring joy to a number of children and 35 patients at a rest home over the holidays.

This was made possible by the donations received from a letter sent out and by the donations received on Doughtnut Day. The Unit hopes to be able to do the same this year. They plan to visit more than one rest home on Easter, also on Mothers' Day.

### Mantis Doesn't Fray

The praying mantis doesn't live up to its name, according to the World Book Encyclopedia. The insect is cruel and greedy, but it is valuable to man because it eats destructive field and garden insects.

bons, village clerk and attorney Fuqua.

The amount of mailing done by the village also is under study by Trustee Brendel who will investigate the charges for a bulk mailing permit for the town.

## Royal Neighbors Install Officers At Lake Villa

By Mrs. Fred Bartlett  
EL 6-5372

The Royal Neighbors of Cedar Lake Camp installed the following officers Tuesday, Jan. 13, at the village hall: Gerri Polson, Oracle; Velma Langosch, Vice Oracle; Georgia Avery, Past Oracle; Helen Fish, recorder; Mathilda Bartlett, receiver; Elizabeth Anzinger, Chancellor; Erna Toft, Marshal; Edna Botts, assistant marshal; Marie Hamlin, captain of the degree staff and manager; Helen Reimer, flag bearer; Anna Veljkovic, outer sentinel; Gladys Schroeder, musician.

The five Graces are Cecile Blumenschein, faith; Lela Barnstable, courage; Bertha Fish, modesty; Genevieve Newell, unselfishness, and Irene Brown, endurance.

Installing officer was Gladys Ames of Gurnee; ceremonial marshal, Mathilda Bartlett, and assistant ceremonial marshal, Edna Botts. Refreshments were served to visiting Neighbors and friends.

**DON'T FORGET** to be present at the Lake Villa Village hall Jan. 14, at 8 p. m. to hear Miss Cornelia Roberts speak. It is open to the public. Refreshments will be served.

Guests at the home of Mr. and Mrs. Fred Bartlett, Sr., Sunday were Mr. and Mrs. Clifford Bartlett and family, Mr. and Mrs. Fred Bartlett, Jr. and daughter, Carla, Mrs. Ber-

nard Schneider and children, Mr. and Mrs. Clarence Blumenschein, all of Lake Villa, and Mr. and Mrs. Raymond Bartlett and family of Waukegan. A buffet supper was served in honor of Mrs. Fred Bartlett, Sr.'s birthday. The nicest birthday gift she received was to learn that her son, Robert, who is with the Air Force at Johnson Air Base in Japan was selected and received from the Air Force its Outstanding Performance and Sustained Superior Performance Award. Col. A. C. McDonald presented him with the award. He has been in Japan for five years.

Wayne Herbst, son of Oscar Herbst of Deep Lake, returned to Ripon college at Ripon, Wis., after spending the holidays at home.

Mr. and Mrs. Fred Popp, Jr., are receiving congratulations on the arrival of a daughter born Friday, Jan. 9, at the Condell Hospital, Libertyville. They have three other children, two sons and a daughter.

Danny and Sharon Slazes were absent from school a few days last week with a cold.

**DON'T FORGET** the VFW Auxiliary dance at Downey Tuesday, Jan. 20. Bus leaves VFW home at 8:20 p. m.

Mrs. Frank Slazes, Sr., was surprised at a party given in honor of her birthday last Monday at the home of her daughter, Mrs. Elmer Keisler and Mrs. Lela Larsen of Antioch. She received many beautiful gifts.

Mrs. Florence Zange of Dundee, Ill., and Mr. and Mrs. Loren Botts of Elgin, Ill., were visitors Sunday at the home of Mr. and Mrs. Joseph Botts.

Mrs. Ann Blair of Vineville, New

Jersey, is visiting her brother, Ralph Abner and family on Grand Ave.

Mr. and Mrs. Stanley Hollis of Waukegan were visitors Sunday at the home of Mr. and Mrs. Ralph Abner.

Mr. and Mrs. Zens Zenor left Sunday for a vacation in Florida.

Mr. and Mrs. Ed Sherry and Ervin Barnstable, Sr., left Sunday for a vacation at Acapulco, Mexico.

Mr. and Mrs. Clarence Blumenschein entertained a few friends at their home Saturday evening. The following were present: Mr. and Mrs. Jacob Fish, Mr. and Mrs. William Fish, Mrs. Ann Nelson, Mrs. Lela Barnstable, and a few others from Lake Villa, Sheridan Burnette and Edna Cable from Antioch and Mr. and Mrs. Herman Keisler of Twin Lakes, Wis.

## Mrs. Carl Ekdahl of Lake Villa says this about their OPEL

— "I like our OPEL because of its appearance, roominess, the ease of handling, and its outstanding economy."

Mrs. Carl Ekdahl, in an unprompted testimonial, said that she liked her Opel. Her exact words appear above. She added that she gets over 30 miles per gallon.

The OPEL is a car made by General Motors in Germany. Be sure you know this car. It will be worth your time to read about the Opel below.

Come In  
and Test Drive  
the Opel at

**EMERSON BUICK**

S. on Rt. 12 Fox Lake

PHONE: JU-7-2771

Opel's price is lower this year than last year, the only new car in America with a reduced price.

The OPEL is the only new 1959 car in America that sells for less this year than last year. Believe it or not, the OPEL Caravan station wagon pictured above is \$141.25 cheaper this year. It sells for \$2,337.12. There is an OPEL two-door sedan, too. And it is a real buy at \$2,031.87. Now isn't that a low price for a new car today?

Opel gives you over 30 miles per gal.

You'll never believe the economy that OPEL gives. You get over 30 miles per gallon of gas. . . you don't need as much oil. Drivers all over the country, like Mrs. Carl Ekdahl of Lake Villa, agree that it is a cheap car to drive but yet it gives you big car comfort.

You get dependable service and all parts at Buick dealers nationwide.

Drive into Buick dealer's service rooms throughout the country and you'll find OPEL service and, should it ever happen that you have trouble, those same Buick dealers have all the parts. You will not be delayed.

Opel is equipped with many extras and you do not pay extra for them.

And look at all these extras you get when you buy an OPEL — without extra charge. Heater and defroster, oil bath and air cleaner, clock, cigar lighter, inside rear view mirror, turn signals, two sun visors, two-spoke steering wheel with chrome plated horn ring, safety glass in all windows, roof luggage rack on the station wagon and laminated windshield.

## Death Notices

### Hilolse Anna Malget

Hilolse Anna Malget, 70, Antioch, died Wednesday at the Arthur Sobey residence, Lake Marie, where she resided for the past few years. Death was due to a heart attack.

Mrs. Malget was born March 9, 1888 in Luxemburg and came to America in 1911. Settling in Chicago, she and her husband, Cornelius, moved to Antioch in 1929, where they operated a dairy farm until his death on Feb. 27, 1948.

She was a member of St. Peter's Church.

Survivors include two daughters, Mrs. Marguerite LaParr, Antioch, and Mrs. Elsie Edelmann, Chicago; two brothers, Ferdinand Thill of Chicago, and James Thill, Colorado; a sister, Mrs. Germaine Lucas of Luxemburg, and three grandchildren.

Services were held at 9:30 a. m. Saturday at St. Peter's Church with Rev. Alfred Henderson officiating. Burial was in Mt. Carmel Cemetery.

### Joseph Strohal

Joseph Strohal, 85, Sand Lake Road, Lake Villa, died Monday at about 6:30 a. m. on the way to the hospital, from a gunshot wound in the head. He had been despondent over ill health.

Born Oct. 23, 1873, in Chicago, he moved to Millburn in 1920 where he operated a farm until 1940. He then sold the farm to his daughter and son-in-law, but remained there with them.

Mr. Strohal married Christine Spaninger Feb. 22, 1899 in Chicago, and she preceded him in death on August 5, 1957.

He was a member of the Millburn Congregational Church.

Mr. Strohal is survived by his daughter, Mrs. Lillian Lucas.

Services were held at 3 p. m. Wednesday at Strang's Funeral Home with the Rev. L. H. Messersmith officiating. Burial was in Millburn Cemetery.

### Wilbur Hunter

Wilbur Hunter, 72, of Pikeville, Antioch, died at 7:45 p. m. Sunday, Jan. 11, from a heart ailment, in Victory Memorial Hospital, Waukegan.

Born July 10, 1886 at Guide Rock, Nebraska, he had lived in Antioch Township for the past 68 years. He was a member of the Antioch Odd Fellows Lodge, and served on the Bean Hill and Hickory school boards for many years. A retired dairy farmer, he was a member of the Pure Milk Association while farming.

Mr. Hunter was married to Effie M. Pickles on April 14, 1909, at Hickory Corners. She preceded him in death on March 2, 1957, and a son, Arthur, died in 1940.

Survivors include two sons, Lt. Cmdr. Russell Hunter, Coronado, Calif., and Gerald of Antioch; two daughters, Mrs. Lois Gerber and Mrs. Dorothy Van Patten, both of Antioch; three brothers, Earl of Collins Center, New York, Officer of Keno-sha and Elmer of Antioch; one sister, Mrs. Edna Holtdorf of Bristol; and eight grandchildren.

Services were held at 1:30 p. m. Wednesday at Strang's Funeral Home with the Rev. Gilbert L. Howe, Hickory Chapel, officiating. Burial was in Hickory Union Cemetery.

### William H. Rohde

William H. Rohde, 69, Spring Grove, died at his home Wednesday, Jan. 7, from a sudden heart attack.

Mr. Rohde was born Nov. 16, 1889, in Merrill, Wis. He moved from there to Evanston, and to Spring Grove in 1953. He was a retired plasterer.

He is survived by his widow, Ottie; one brother, Everett of Merrill; and one sister, Mrs. Santa Schwe of Wausau, Wis.

Services were held at 2:30 Saturday from Strang's Funeral Home with the Rev. R. P. Otto officiating. Burial was in Ridgewood Cemetery, Des Plaines.

## Bowling

(continued from page 8)  
Antioch Major League

Friday, Jan. 9

Volo Bait Shop had high team series, with games of 942-1000-968-2910 total.

Joe Sterbenz was high individual scorer, bowling 188-260-182-630.

Only two pins below him were Marv Shepard, 212-215-201-628, and Ted Ozga, 211-223-194-628.

Also bowling 600 or over were Roy Zarit 198-211-215-625; Don Shank 194-182-242-618; Lou Thompson 246-188-181-615; Larry Dee 193-223-188-604; Dick Stroner 241-188-173-600, and John Gabriel 190-209-201-600.

### Grant Tripped.....

(continued from page 8)

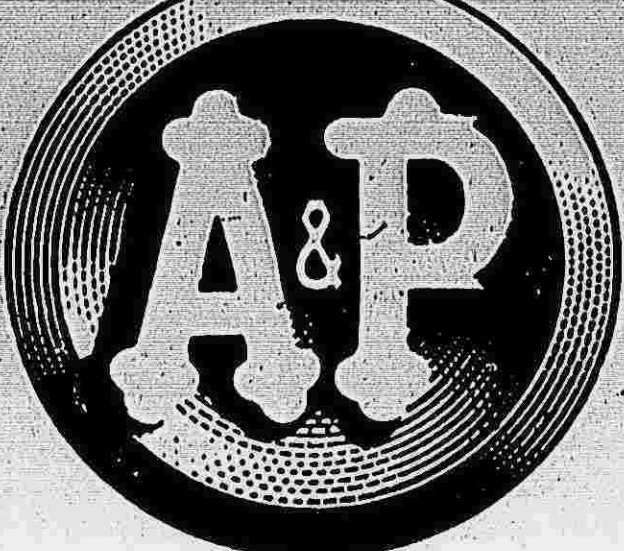

Don Rasmussen played an outstanding game for Grant and scored 17 points. Jack McLean, a pint-sized Geneva guard, drilled 18 points through the net.

Generally, the Grant defensive tactics bothered Lake Geneva considerably throughout the game. In the first quarter they could not get their plays to operate, particularly those designed to open the lane and leave a man free to drive in from the side court. Grant's defenders were vicious on the defensive board. Many times Lake Geneva got only one shot. The third quarter shift to an all-court press stunned the boys from up North.
